S I R:

INFORMATION DISCLOSURE STATEMENT

Enclosed is the International Search Report (2 pages) from the European Patent Office as the international searching authority from the present international application listing 4 references and their relevant portions.

In the International Search Report the reference listed in category X means the document is of particular relevance; the claimed invention cannot be considered novel or can not be considered to involve an inventive step when the document is taken alone with respect to the listed claim. The references listed in category Y mean these documents are of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art. The references listed in category A mean that these references define the general state of the art which is not considered to be of particular relevance with respect to

the listed claims.

The International Search Report is also in English and points out relevance of the references so no further relevance is necessary to be pointed out.

Since the International Search Report is in English and the relevant portions of these references are pointed out there in English, no further pointing out of relevance is needed.

A PTO-1449 form is are presented listing all 6 references being submitted herewith including two references, namely EP 0 505 611 and USA Patent 2,471,852 disclosed and discussed on page 1+ of the specification. Translations of the foreign language references are not available to the undersigned.

This submission meets the requirements of 37 CFR §1.56, 1.97 and 1.98(a) and MPEP 609.

Respectfully submitted  
Alfred von Schickmann
